*\*A Roadside is the area beside a road that has nothing separating vehicles and pedestrians. For a Roadside Clean Up you must agree to the following:*

### \* Roadside Terms and Conditions

There are very important safety considerations with which you must comply to register a roadside clean-up.

**You cannot complete a roadside clean-up without approval from your local council. If you are unable to obtain permission from the council, you will need to choose a different location for your clean-up.**

1. Arterial Roads (including Highways) and Freeways cannot be registered for Clean Ups due to health and safety reasons.
2. Roadside Clean Ups are only allowed along municipal roads - these are roads owned by your local council, and need to have a reduced speed-limit of 40km/h or less for the clean-up event.
3. Children (15 and under) are not permitted to participate in any roadside activity.
4. You will need to demonstrate a 3-metre exclusion zone between volunteers and vehicles. For dirt roads this would be 3 metres from the drainage gully. A larger exclusion zone may be required by your council.
5. Additional signage to denote location and distance of activity (i.e. Clean Up Day site - next 2kms) may be required.
6. Use of highly visible safety vests for all volunteers.
7. Time limitations of activity may be required to avoid peak traffic times.

**The above safety regulations must be confirmed with the local council prior to the registration of the Clean Up.**

I agree to the Roadside Terms and Conditions      Signature: \_\_\_\_\_
